

CLEAN WEB BROWSER – SAFARI (APPLE)

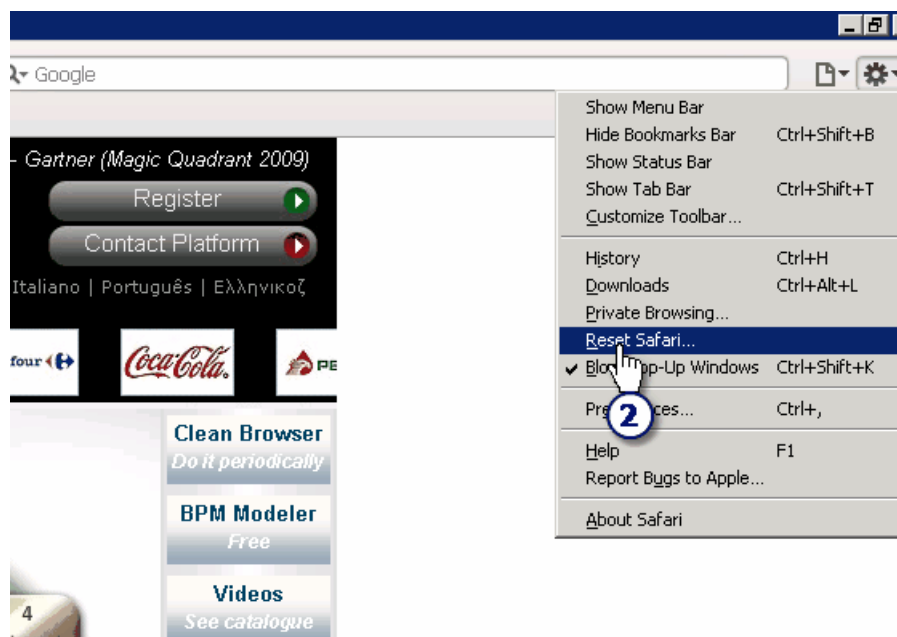

Instructions to Clear browsing data in Safari.

Steps to follow

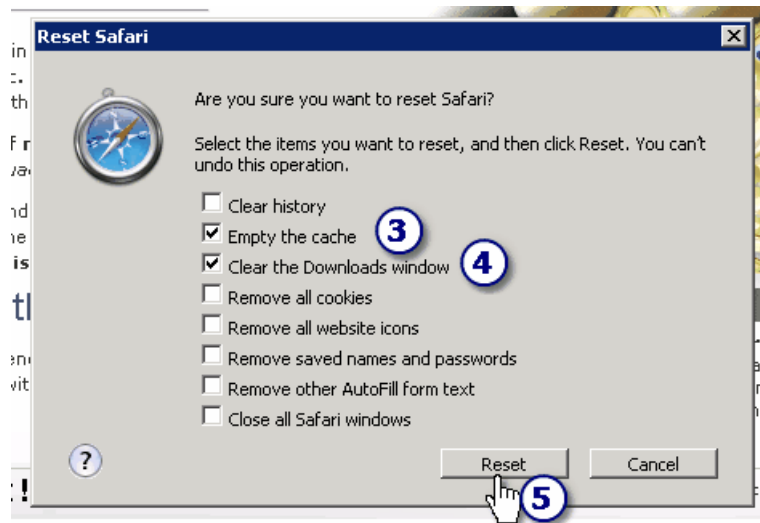

In the browser window click on the **Tools icon** ¹:

In the appearing drop-down window:

Click on **Reset Safari** ². A window with the same name appears:

Select options **Empty the cache**³ and **Clear the Downloads window**⁴. Then click on on **Reset**⁵.

That's all. The browser has made the cleaning and there are not obsolete data left that could obstruct the right functioning of this or other websites.

REMEMBER TO PERIODICALLY PERFORM THIS PROCEDURE. ALSO YO MUST DO IT ANY TIME YOU OBSERVE ANOMALIES IN THE FUNCTIONING OF THIS WEB OR OF OTHER WEBS OR PROGRAMS BEING OPERATED BY THIS BROWSER.

NOTE. In case the instructions given here do not suit completely your version of **Safari** remember that the objective is to reset what **Safari** calls **Empty the cache** and **Clear the Downloads window**. Follow whatever path that leads you to the point where such reset can be made.
